

Caring for individuals, families and the community.

About Niagara Riverview Counseling

The Niagara Riverview Counseling Clinic provides medication management, individual counseling, group counseling, peer support services, case management and vocational & educational services to adults. We are a small team that has a culturally inclusive and person-centered approach. We offer maintenance counseling for individuals who have met their treatment goals and desire continued support for their recovery. We also offer a medication management track with a reduced counseling component. We have specialized programming to support individuals who have severe and persistent mental health diagnoses. Our office is conveniently located in the West Side of Buffalo.

If you are having any problems at our clinic, or have general concerns, please do not hesitate to contact the Program Director, Danielle Prester, at (716) 856-2587 extension 1428.

If you or your other workers need to contact us, our contact information is listed below:

BestSelf Behavioral Health
