

## **Genesee Adams Community Counseling**

Genesee Adams Community Counseling is now located at 695 Genesee St. Our clinic services the community and is a collaboration with area colleges teaching skills to counselors in training. All of our counselors in training are working towards their masters or doctoral degrees. They are supervised throughout their internships and each office is outfitted with a camera to observe sessions. This insures you are provided with the best care. If you are not comfortable with seeing a counselor in training we also have 5 full time licensed counselors on staff. At this location, we provide individual and group counseling for adults only. This means we work with people one-on-one on various areas of need, including anxiety, depression, stress management, communication, major life changes, and substance use to name a few. We offer different services at our clinic to help add to your treatment. These services include Medication Management, Peer Support Services, Psychiatric Rehabilitation Services (vocational and educational assistance), Targeted Case Management and Health Monitoring (nursing/medical services). We also offer support groups based on our client's needs. If there is something that we do not offer that you think would help you in your recovery, our staff would be happy to help link you.

If you are having any problems at our clinic, or have general concerns, please do not hesitate to contact the Program Director, Carl Chinn LMHC 716-710-5151 ext. 1441

If you or your other workers need to contact us, our contact information is listed below:
